122 Glad Georgia seems to be on everyone's mind. I'm just worried that they're going to pull the same fraud in the runoff elections.

17 They're breaking every election law with impunity. Worse, all the cases seem to find their way in front of Stacey Abrams sister so the commie rats claim no laws are broken. None of the higher courts will take them up, and apparently the dumbest person in Georgia is tasked with single handedly "overseeing" the election.

39 I don't even know why Dominion machines were allowed to be used in this election. We know w they're capable of. Shame the people in power are complicit in this whole scandal.

▼ All rules and laws, no matter no trivial, are based on implicit threat of violence.

If we prove there is no threat to those destroying our country, we revoke all rules and laws that protect it.

You will catch a lot of heat for that but I don't disagree. If Trump can't pull off this fair election then I'll never vote republican again in my life. Third party. MAGA party. Or the dems. Get it over sooner rather than later.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)**LostMyAccount** 3 hours ago +1 / -0

Even a MAGA Party is irrelevant. I get the impression many here do not actually believe the election system is rigged. If they did, that kind of suggestion would be clearly absurd. It's either rigged or it isn't.

It's time to stop playing games and take the country back. This is it.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)**slipperynek33** 2 hours ago +1 / -0

The suggestions for MAGA party assume that CW2 is already complete and law and order and the constitution restored. MAGA party in the current make-believe election system is a fairy-tale.

Seems to me like a good sign that Fox News is rescinding their cucking. They could be accepting a reality in which we do stop the steal and they need to try to get their viewer base listening to controlled opposition again. Would that not be beautiful to see?

Lou Dobbs doesn't cuck. I legit think he is the most based guy on Fox.

He had Grenell on his show and Grenell was like we're going to do something - and Lou tore him apart & told him to stop talking about doing something and actually do shit.

I shoulda said falsely rescinding their cucking. They've lost a viewerbase they'll never get back no matter how much they start to cover voter fraud. Also I'm not gonna sit here and believe those companies that harvest hundreds of millions' data are only in it for the ad revenue. Sure it makes money, but we really think they have no nefarious reasons for storing everyone's private info in a database somewhere? They know everything about almost everyone and that's worth infinitely more than some ad revenue.

2 We made the WA POO for *violent threats*: <https://www.washingtonpost.com/technology/2021/01/05/parler-telegram-violence-dc-protests/>. ~. Talk of guns and potential violence is rife on the encrypted messaging app Telegram, the conservative social media site Parler and on thedonald.win, an online forum that previously operated on Reddit before the company banned it in June after years of racism, misogyny, anti-Semitism and calls for violence.

Trump's tweet last month pushing baseless fraud claims and promoting the "big protest" on Jan. 6 — there, will be wild!" — has become a central rallying cry. It was the top post on thedonald.win Tuesday morning, and anonymous commenters saw it as a call to action: "We've got marching orders," the top said."
